

Swedish Match®

Master Thesis

Transport analyzes with Sustainable focus

Do you want to write your Master Thesis within the topic of transport combined with sustainability with the objectives to create a transport strategy and a real-life action plan to support your theoretical perspectives?

The green agenda is quickly becoming a top priority for companies worldwide. Thus is especially true in the FCMG industry, where choosing the sustainable transport solutions has an immense impact globally.

Swedish Match strive to be a growing, profitable company that makes tangible and meaningful contributions through our sustainability efforts. But we want your help to further analyze, find and implement new green transportation solutions for us to continuously improve.

Our expectations & what we offer

We are looking for one Master Students in Economics and Logistics, e.g., within the Transport and Sustainable field, to take on this project as part of their Master Thesis. The purpose of the ex-job is to provide an overall picture of transport flow into, between and out of our 5 factories and together with the organization create a transport strategy and a real-life action plan.

About Swedish Match

Swedish Match is a listed company on the international market. We develop, manufacture and sell well-known brands of the highest quality in the Smokeless Products and Lights segments. With a flexible, innovative, and sustainable approach, we are working for having the right strategy, people, competences, products and structure in place to quickly meet changing market conditions. We want to maximize enjoyment of our products by minimizing the carbon footprint. With a portfolio of modern brands and brands with a long tradition, Swedish Match offers products both with and without tobacco that meet market demand. Offering tobacco consumers alternatives to cigarettes is at the heart of what we are doing.

That's why we who work at Swedish Match are proud to work here – because together we make a difference!
